DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

January 18, 1950.

Board of Selectmen,
Harrisville, New Hampshire.

Gentlemen:

Submitted herewith is the report of the annual audit of the accounts of the Town of Harrisville for the fiscal year ended December 31, 1949, which was made by this Division in accordance with the vote of the town.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Balance Sheets—December 31, 1948—December 31, 1949: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1948 and December 31, 1949, are presented in Exhibit A-1. As indicated therein the Net Debt decreased by $145.04 during 1949.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1949, are presented in Exhibits A-3 and A-4. As

indicated by the budget summary (Exhibit A-4), a net revenue surplus of $622.21, less a net overdraft of appropriations of $477.69, resulted in a net budget surplus of $144.52.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended December 31, 1949, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1949, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depositary banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records.

GENERAL COMMENTS

Capital Reserve Fund:

It will be noted that the Capital Reserve Fund for School Purposes which was included as both an asset and liability account in the amount of $1,559.23, in the Balance Sheet of December 31, 1948, does not appear in the Balance Sheet of December 31, 1949. This fund was turned over directly to the School District by the Trustees of Trust Funds during 1949 and did not go through the general fund receipts and expenditures of the Town.

Closing Accounts:

The Tax Collector reported "cash on hand" of $202.46 on December 31, 1948, and $472.74 on December 31, 1949.

The Town Treasurer should, if necessary, hold her accounts open for a day or two after the date on which the fiscal year closes in order that all receipts of the Tax Collector, Town Clerk or any other fiscal officer of the town, up to and including December 31st, may be remitted to the Treasurer and included in her accounts for the fiscal year. It is not good procedure for town officers, other than the Treasurer, to report "cash on hand" at the close of the year. This practice is unnecessary and tends to confuse the accounting.

Conclusion:

The accounts and records of all town officials which we examined were found in good condition and the accounting procedure, with exceptions as herein noted, conformed to the uniform standards prescribed by this Division.

REPORT OF SUPERINTENDENT OF SCHOOLS

January, 1950.

For a new superintendent, only six months in the Supervisory Union; there is no past history of educational achievement to write about; therefore only the present and near future will be covered by this report.

The educational picture in Harrisville at the present time is one which can be painted in colors as beautiful as a sunrise; for indeed, there is an educational sunrise in the community today. The children of Harrisville will no longer attend classes in poorly lighted and poorly heated rooms; nor will they have to wish for an adequate playground. They now possess a beautiful school situated on a fine, large plot of ground; and activities room, a stage, a library, a kitchen, eye-saving lights, sound-proof ceilings, asphalt tile floors and walls painted in lively, refreshing shades!

The children of Harrisville, their parents and all citizens, are the owners of this model school; all must join to assist teachers, the school board and myself if we are to keep this building in its present fine condition.

All the pupils in our new school will have an opportunity of purchasing a hot meal at lunch time. A lunch program, aided by Federal Government funds, will permit us to sell a well-balanced meal, complete with a glass of milk, for only twenty cents per day.

Next September, when our best opportunity for re-organization occurs, some important changes will be made in our program; in methods, in discipline and in student organization; to the end that we achieve maximum benefit from our school.

STATISTICS, 1948-49

Pupils registered in the district during the year	77
Number of days school was legally in session	181
Percent of attendance	90.98%
Percent of absences	9.02%
Aggregate number of days lost by absence	1,107
Aggregate number of years lost by absence in 1948-49	6
Loss of money due to absences from school	$1,751 00

Absence from school is a serious loss to the child in terms of education and is the major cause of failure in school work. Few parents ever stop to consider the cost to themselves as taxpayers, when children do not attend the classes for the maintenance of which large sums are spent. Last year children in Harrisville lost 6 years of education and the community lost the sum of $1,751.00 due to absences.

We do not want sick children at school and we cannot afford to have well children at home. Studies show that less than 2% of school absences are for justifiable cause. Only through

the realization of this loss and the cooperation of all parents; can this condition be remedied. Harrisville has the poorest attendance record of any of the eight towns in Supervisory Union No. 38.

CONCLUSION

I could not conclude this report without saying that the community owes much to the generosity of Mr. Wellington Wells. Each year a suitable celebration should be held in the school on his birthday and I hope this event will become a precedent as long as The Wells Memorial School stands.

It has been a real pleasure for me to work with the teachers, school committee and citizens of Harrisville for the improvement of the educational program for the really important people, of the community;—the children.

Sincerely,
CHARLES L. BOWLBY,
Superintendent of Schools.

REPORT OF THE MUSIC SUPERVISOR

To the citizens of Harrisville.

I herein submit my report concerning elementary music in the schools:

The ultimate aim in our music program is to develop the kind of person who will want to carry over his musical skills and interests into his daily life, after his school experience; and thus, contribute to the social and cultural life of the community as a member of church or other singing groups.

Toward achieving this aid in the elementary grades, we are carrying on a program of singing, music reading, tonal perception, rhythmic and listening activities.

School music's greatest value lies in the fact that it is a cooperative enterprise, wherein all students work together to get good results.

Respectfully submitted,
FREDERICK P. PERKINS,
Elementary Music Supervisor.

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

(1) Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
(2) Securing the required written permit from the warden when the ground is not covered with snow.
(3) Insisting that others be careful and comply with burning requirements.
(4) Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

F. J. BAKER,
District Chief.
